

DOORLITE COLLECTION

www.trimlite.com

YOUR HOME

Homes come in every shape, size and design. So, whether your home is old or new, big or small, Contemporary or Colonial, finding a glass style that compliments what you have is important.

Our designers understand this. They have created designs that are simple to intricate, clear to obscure. This is where solid metals, textured and beveled glass come together to create true works of art. Everyone is different and so are our designs.

Let Trimlite help you create a front entrance that will be the focal point of your home and a true reflection of your taste and style. So now, it's your time to choose.

PRIVACY GUIDE

Trimlite offers an extensive line of designs to choose from and the degree of openness or obscurity varies considerably. To help your decision making process we have photographed each design under controlled circumstances so that you can see the difference. With each picture, we have included a number which represents the 'Privacy Level' for that particular design. This number will be referenced on the individual product page as well. Note: this 'guide' is subjective. It should only be used when comparing Trimlite designs.

Please Note: Due to ongoing product development Trimlite reserves the right to make changes in design, materials and specifications without notice. Please contact your dealer for more information.

Doorlites featured in either smooth (white), woodgrain (stained), or fir (stained) fiberglass doors. Some exceptions apply. Door slabs supplied by Plastpro, inc., a leading manufacturer of fiberglass door products. Contact your dealer for a complete list of Plastpro products available in your area.

SPECIFICATIONS

CONSTRUCTION

- Handcrafted, our decorative glass panels stay true to their stained glass roots.
- Our selection of premium art glass and bevels, which makes our designs come to life, are hand cut and fitted. Careful consideration is given to choosing textures, complementing elements are crucial to a design's given appeal.
- Using solid metals, where all of the joints are soldered by hand, ensures the panels will be strong enough to withstand daily use.
- Once assembled, the panel undergoes a thorough cleaning and inspection process. This attention to detail is our assurance of quality to you.

GLASS VARIATION

Decorative pattern glass is handmade. Through this process, slight imperfections or discolourations are inherent characteristics of all handcrafted glass. Bubbles or seeds, slight surface flaws and subtle variations in textures vary depending on the pattern. Some glass patterns, like Swirl and Drawn, are more likely to have these inclusions. They are not considered defects.

Swirl Glass Detail

Drawn Glass Detail

CAMING OPTIONS

Hand soldered metals in 3 finishes. See individual product pages for availability.

Brass Caming

Subtle gloss finish that defines luxury and style.

Patina Caming

Black satin finish offers a rustic or antique look to your home.

Zinc Caming

Brushed chrome appearance brings a contemporary look to your entrance.

INSULATING SYSTEM

All Trimlite Decorative Doorlites are made with Super Spacer® Cushion Edge™, a flexible, U-shaped, silicone foam tape product used to wrap around and cushion our center decorative panel. Featuring a vapor barrier backing, the product used in combination with Hot Melt butyl, provides a superior Warm-Edge seal.

PERFORMANCE FEATURES

- Warm-Edge Benefits: Superior silicone foam insulation, low thermal conductivity
- Silicone Foam Features: Excellent UV resistance and extreme temperature performance
- Dual-Seal Performance: Chamfered corners for increased sealant depth
- Tempered Safety Glass for your piece of mind
- Low E* with Argon Gas for your comfort

TrueWARM®
s p a c e r s

Super Spacer®

All Trimlite Doorlites are certified by the National Accreditation and Management Institute, Inc. (NAMI).

All Trimlite products are energy tested. Consult your dealer for specific energy ratings.

Warranties: Our products are covered by separate limited warranties. Please contact your dealer for more information.

SuperSpacer®, TrueWarm® and Cushion Edge™ are all registered trademarks of QUANNEX BUILDING PRODUCTS.

*Our doorlites are available with Low E and Argon. However, some exceptions may apply. Contact your dealer for more details.

AT THE INTERSECTION OF FORM AND FUNCTION

Thoughtful, clean lines, simple design, and peace of mind. These guiding principles inspired us to create the Solution Series. The Solution Series is perfect when you want the glass and the door to be the star, while the frame blends seamlessly into the background.

The Solution Series design eliminates any screw holes, so you don't have to worry about gaps or screw plugs. Our patented* technology uses a compression seal and interlocking joints to adhere to your door, creating a powerful bond. The frame is built to resist warping and melting in high heat areas so it can be used with any color finish. Our textured frame comes in two colors to match any stain or paint.

** Shown as Plastpro Shaker 3 panel fiberglass door. Available in 2/8, 2/10 & 3/0 x 6/8.

Clear and Internal Grid Doorlites

764 / 2064 or 2264 / 764 White Internal Grid

Need more performance in your doorlite... Consider Cardinal LoE²-272 Glass

Available in the clear and white internal grid options, the insulating value of Cardinal's **LoE²-272** patented coating is nearly double that of an ordinary insulated glass unit. In winter, **LoE²-272** reflects heat back into the room. In summer, it rejects the sun's heat and damaging UV rays. The coating is virtually invisible to the eye yet blocks 84% of the sun's harmful ultraviolet rays. In fact, **LoE²-272** is the clearest, highest performing glass you can buy.

Some items are special order. For a complete list of sizes, glass and grid options available in your area, contact your dealer for more information.

Frame Profiles

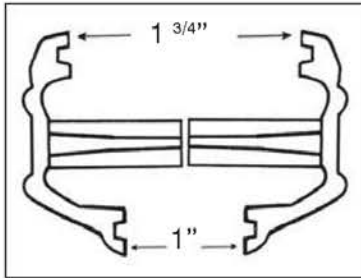

FRAME OPTIONS

Our complete series of "Elite" frames, whether injection moulded or extruded PVC, all have a matching woodgrain with a low profile.

Our Colonial "Plus" PVC frame profile is raised with a smooth (white) or woodgrain (tan) surface. It also comes with the continuous screw strip cover feature.

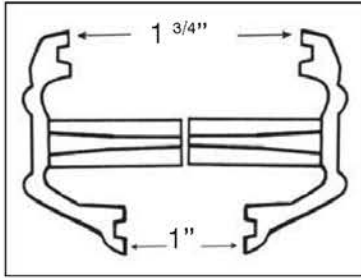

Our Mid-Century Modern (MCM) frame profile features a clean, contemporary look. It also comes with the continuous screw strip cover feature.

For a more detailed breakdown of our different frame options, please refer to the following:

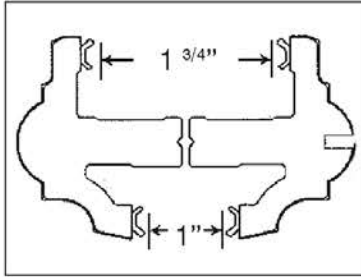

ELITE WHITE FRAME - This is our Standard Maintenance Free White Frame (Does not require painting). Specifications as follows:

Construction - Injected Moulded Low Profile
Surface - Woodgrain
Material - White Polypropylene or White PVC
Glazing Material - White foam adhesive on both channels (frame to glass & frame to door) or rubber gasket (PVC)
Plugs - Used to cover screw holes
NOTE: Oval (2057 OV & 1842 OV) and 2214 frame are raised.

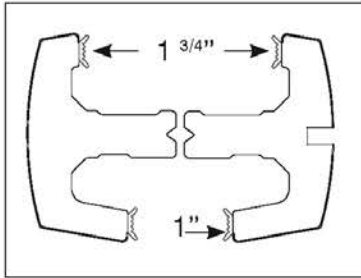

ELITE TAN FRAME - This is our Standard Frame for Painting or Staining. Specifications as follows:

Construction - Injected Moulded Low Profile
Surface - Woodgrain
Material - TAN PC/ABS or Tan PVC
Glazing Material - Foam tape on both channels (black two sided tape frame to glass & white one sided tape frame to door) or rubber gasket (PVC)
Plugs - Used to cover screw holes
NOTE: Oval (2057 OV & 1842 OV) and 2214 frame are raised.

COLONIAL "PLUS" PVC FRAME - This is our Raised Profile PVC Frame. Specifications as follows:

Construction - Extruded Raised Profile w/ mechanical joints (glued)
Surface - Smooth (White) or Woodgrain (Tan)
Material - White PVC (does not require painting) or Tan PVC (for staining or painting)
Glazing Material - Co-Extruded colour matched rubber gasket on both channels (frame to glass & frame to door)
Strips - Continuous strips to cover screw holes
NOTE: Not available in round tops and ovals.

MCM PVC FRAME - This is our Flat Profile PVC Frame. Specifications as follows:

Construction - Extruded Flat Profile w/ mechanical joints (glued)
Surface - Smooth (White)
Material - White PVC (does not require painting)
Glazing Material - Co-Extruded colour matched rubber gasket on both channels (frame to glass & frame to door)
Strips - Continuous strips to cover screw holes
NOTE: Not available in round tops and ovals.

SOLUTION SERIES FRAME - This is our Flat Profile ABS Frame. Specifications as follows:

Construction - Injected Moulded Flat Low Profile
Surface - Woodgrain
Material - White ABS (for painting) or Tan ABC (for staining)
Glazing Material - Foam tape on both channels (black two sided tape frame to glass & white one sided tape frame to door)
Screwless Frame - No screws, no screw plugs, no screw strips
Sizes - 0764, 0806, 0808, 2203, 2208, 2215 (1-Lite, 3-Lite, & 6-Lite) Only.
